

## **Elm Tree Removal Numbers in Other Municipalities**

### **Truro, Nova Scotia**

- Removed 2,362 elm trees since 1982 with 1,790 of these having been removed between 1999 - 2007 (about 199 elms per year)

### **Fredericton, New Brunswick**

- Removed 13,409 elms between 1973 and 1990 (about 788 elms per year)
- Removed about 2,000 elms since 2006 under a new management program (about 250 elms per year)

### **Moncton, New Brunswick**

- Removed about 10,000 elm trees between 1980-1990 (this intense removal of all elms for about 10 years has resulted in very few remaining elm trees in Moncton).

### **Winnipeg**

Winnipeg has the largest population of elms in any city in North America

- Removed about 147,000 elm trees since 1975 (50 per cent of the total population of elms)
